**Christ Centred, Outward Focused
SOUTHWARK DIOCESAN CONFERENCE
2022 (#SDC2022)**

The first ever clergy and lay Diocesan conference will be held in Rotherhithe at Bacon's College from Thursday 1st to Saturday 3rd September 2022.

All those engaged in licenced ministry, both lay and ordained, are invited to gather in person to reflect on how, as churches and individuals, we can be Christ Centred and Outward Focused through mission, worship, the arts and the provision we make for children and young people.

This will be an opportunity for joint thanksgiving, worship, hospitality and learning as we meet together.

In addition, some of the conference will be streamed online in order to make the programme a resource to parishes and communities.
