

All Saints' Cottenham with Rampton: All in-church services suspended

Whilst the government has said that places of worship can remain open for communal worship, the Cottenham with Rampton PCC took the decision before Christmas to suspend in-person communal worship from 27 December 2020 in the light of increasing cases of Covid-19. This decision received the full support of the Bishop of Ely.

Both churches (Cottenham and Rampton) remain open for private prayer, all day, every day. Please read and follow the safety measures just inside the door. Funerals and weddings will continue in line with the regulations. All worship will continue online from our YouTube channel and through Zoom.

Stay at home. Protect the NHS. Save lives.
