

Science: Years 1 & 2:

We will observe changes across the seasons. We will observe, and describe weather associated with the seasons and how the day length varies. We will look closely at Materials. We will distinguish between objects and the materials they are made from. We will name and identify properties of a variety of materials. We will compare and test the suitability of everyday materials for different uses. We will explore how and if materials can be changed, and see if these changes are permanent or temporary.

English:

This term the children will briefly revisit recount and letter writing to consolidate skills taught in the Autumn. We will look at stories with a similar theme and have carefully chosen texts to illustrate this term's value of 'Justice'. We will continue to embed new grammatical terms and develop their range of sentence structures and punctuation. We will complete a unit of work on instruction writing and posters as well as reading and creating poetry linked to ideas in our texts.

Year 2 & 3

Mrs Hodges

Spring 2019

Art: Years 1 & 2

This term we will look at colours. We will learn about primary and secondary colours and colour mixing using a variety of art materials.

Later we will look at the work of Lowry and find out about his style and methods of working. We will then create a piece of work in his style. This will allow us to use our colour mixing skills.

Maths: Years 2 & 3

The children will continue to develop their understanding of multiplication and division. This will be enhanced by our regular use of tackling tables and work to secure their rapid recall of multiplication facts. We will then complete a unit of work using money and apply workings using real life situations. We will look at statistics and create tables to represent data. We will explore measuring of length, height and perimeter before concluding the term with a unit of work on fractions. We would appreciate time spent at home in practising the skill of telling the time, and Completing the Times Tables Rock Stars games.
