## Art

Task- Represent your favourite animal however you choose.

Here are a few ideas you may want to choose; colouring using pencils/pens, collage, make a 3D model, draw it on the computer, draw your animal using chalks and many more ideas.

It is up to you, I look forward to learning all of your favourite animals and seeing your designs.

For inspiration- Research Eric Carle illustrations on google images- he designs lots of beautiful and colourful images of animals for his books and he believes there are not enough colours in the universe!
