

Year 3

We are learning to multiply a 2 digit number by a 1 digit number

Watch it -

Revise yesterday's learning by watching Miss Hugh times 2 digit by 1 digit numbers using column multiplication.

Practise it-

1.

Mr Jones travels along this road 6 times in a week.

What is the total distance he travels?

T	O

$$\begin{array}{r}
 \text{T O} \\
 15 \\
 \times 6 \\
 \hline
 \\
 + \quad \\
 \hline
 \end{array}$$

6×5
 6×10

$6 \times 15 = \square$

2.

Work out 15×5 .

T	O

$$\begin{array}{r}
 \text{T O} \\
 15 \\
 \times 5 \\
 \hline
 \\
 + \quad \\
 \hline
 \end{array}$$

$\square \times \square$
 $\square \times \square$

$15 \times 5 = \square$

Do it!-

1.

Mrs Dean travels from Home to School and back again on Monday and Tuesday.

How far does she travel?

2.

On Wednesday, Mrs Dean goes straight to the Gym and then on to School.

What is the total distance she travels to School on Wednesday?

3. Mrs. Dean is taking boxes to school.
She travels along the road 4 times in total.

How far does she travel in total along this road?

Mrs Dean travels km in total.

Challenge-

1. $34 \times 5 =$

2. $93 \times 3 =$

3. $32 \times 8 =$

4. $2 \times 66 =$

5. $= 38 \times 3$
