

Design and Technology

Task: Look at the Eden Project link below:

<https://www.edenproject.com/learn/for-everyone/how-to-make-a-recycled-marble-run>

Over the next couple of days you will be designing and making your own marble run. I am so excited to see these, so please send through pictures once you are finished!

Today's task is to design your marble run on paper and label the different features your design will have.
