

You... were marked with the seal of the promised Holy Spirit.  
Ephesians 1.13 (NRSV)

All four scenes should have halos as they all show someone acting saintly.

Add halos to the children you think are being saintly.

Can you write a prayer asking for help to become more saintly?  
You might like to include a sentence asking for special help in the areas you find most difficulty in being a saint.

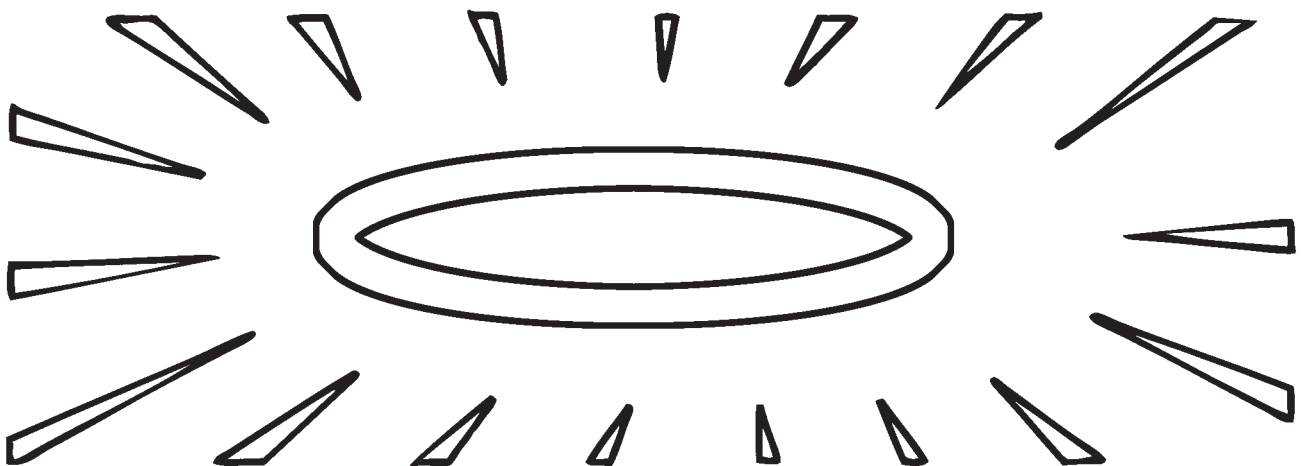

---

---

---

---

Colour in this halo then cut it out. You can use it in the prayer time or simply as a reminder that you are called to be saintly.

# All Saints Day 1<sup>st</sup> November

Saints are often shown in pictures with golden halos around their heads showing that they are people of God. Who are the people in your life who show that they know God through Jesus? How do they show they are saints too? You might want to draw a separate picture of the saints in your life on the back of this sheet. Label them with their names and what makes them saint-like?
