

WE DISCOVER, WE GROW

Girlguiding

Guide News

1st Knottingley, St Botolph's Guides have embarked on the new Guiding programme and over the last 12 months they have explored the themes:

Be Well

Have Adventures

Know Myself

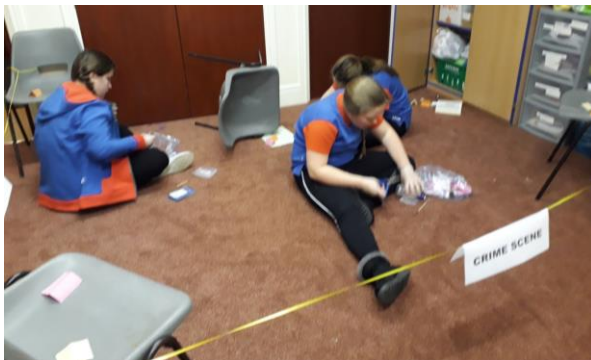

Express Myself

Take Action

Skills for My Future

As part of the Take Action they completed their Campaigning Interest Badge and raised money for Water Aid.

Having Adventures involved making a clinometer (sextant) and looking for treasure, learning map symbols, exploring the best way to travel across the world and creating a local route to explore the landmarks in Knottingley

Skills for My Future saw them planning and holding an event for the unit, carrying out taste versus cost tests which revealed some surprising results (tasty food doesn't always have to be expensive), inventing tasty sauces and sewing a pencil case. They

also became forensic scientists, investigating a crime scene.

All great fun.

If you are aged 10 - 14 years and you would like to join us register interest on the girlguiding website and we will get back to you.

We meet on Tuesdays during term time, 5.45 - 7.15 pm, in St Botolph's Parish Room.
