

Dear friends,

The Christian Ethics and Social Action Committee pray that you will all have a very Happy and Blessed New Year.

Every year February 7th, the first Sunday in February, has been designated as Values Day. This year the chosen subject is "racism".

Sadly, it is a subject which has often hit the headlines in 2020, and not for the right reasons.

These notes, kindly prepared by Andy Wilcock should provoke discussion on familiar stories.

May the Lord bless your fellowship in the coming year

Daphne Hodgkinson (CESA Secretary)
