

GROW THE TALLEST SUNFLOWER COMPETITION

During this time of staying home and staying safe, we thought it would be fun to have a little competition to see who, in Teme Valley South, could grow the tallest sunflower!

Free kits have been left outside the churches in TVS, for you to collect as you are passing. There is a limited amount so hopefully, you can grab one quick before they all go.

The idea being, you plant the sunflower seeds, tend them throughout the summer and then at a set date in the future, (*this will be announced in TemeTalk and on the Facebook page in August 2020*) all those who wish to enter the competition will measure the height of their sunflower and post a picture as proof of their green fingered skills for the judges to then confer & confirm.

The winner will be announced in September and there will be a prize up for grabs!

Regular updates and pictures of your ‘shoots’, over the course of the summer, would be gratefully received on the Teme Valley South Churches Facebook page.

A bit of family rivalry is also encouraged. We will all be planting seeds here in the Strickland household, so we will see whose sunflower grows the tallest!

We really do hope you enjoy growing your sunflower and that it brings you a blessing of joy, hope and encouragement over the next few months.

If you would like any further information, contact Jo Strickland on 01584 881704

Happy Growing
