

## Social Media Parent Consultation October 2015

*At Egton School we have always prided ourselves on being 'ahead of the game' in modern technologies. Sadly until fibre optic broadband reaches the village we are told that we are unable to progress further in terms of our hardware in school.*

*However as governors we are keen to explore further the opportunities to embrace social media as a school. It would help us if you could complete this questionnaire and return to our school to contribute to our discussions and decision making. Thank you.*

1. Are you a user of social media e.g. facebook, twitter, Instagram etc    YES    NO    *Please circle*

If yes please answer questions 2-3

If no please proceed to question 4

2. Which social media sites do you use?

3. How often do you use social media? *Please circle*

DAILY                  WEEKLY                  RARELY

4. How do you access your social media? *Please circle*

SMART PHONE                          IPAD                          DESKTOP COMPUTER/LAPTOP

5. Would you consider becoming a user if you could link with the school?

***Many schools already use social media successfully. We are considering using social media to be able to share our successes and daily activities and events of the school as they are happening and to add another dimension to our communication with our parents and community.***

6. What would you like to see on any social media site for Egton CE VA Primary School?

7. Would you link to a social media site that belonged to the school in the future?

Please share any thoughts/comments with us to help us make our decisions for the future. Your opinion is important to us.

Thank you. The Governing Body – Egton CE VA Primary School.

*The results of this consultation will be discussed at the November 2015 Governors' Meeting.*

*Please return your form by the end of term. Thank you.*
