

You don't need black paper. Choose a colour of paint that will show up on the paper you have.

Make a hand print – here's a tip put some paint onto a sponge if you have some spare, this acts like an inkpad and stops you getting too much paint.

When your hand print has dried, place a nail mark in the centre of the hand, Pause and thank God that Jesus took the punishment in your place.

Write below –or get somebody to write for you- "Paid in Full" because Jesus has paid the price for the things we do wrong.
