

Items you can use

It may be that some of these things could be collected on a daily walk.

A tray of some sort (could be from the recycling) not too large. It can be round, square or rectangular. (About 20cm by 14 cm is good), but use what you have available

Soil

Grass seeds or cress seeds or moss

Small stones

A large stone

A piece of small white cloth

A small flower pot, yogurt pot or something to make a tube to act as a cave

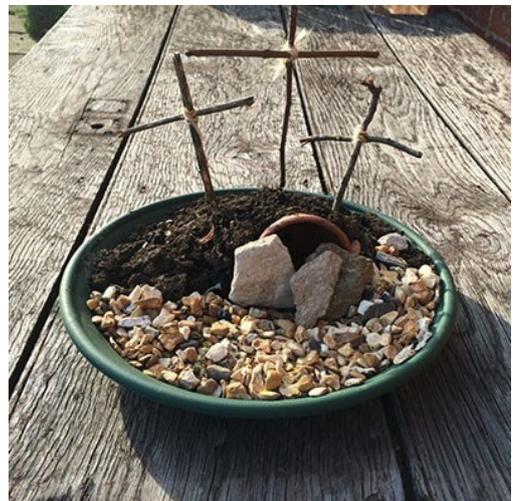

6 sticks to make into 3 crosses

String

1. Place your pot or tube on its side on the tray (this will be tomb) and cover half the tray (including over the side of the pot/tube) with soil, this will make a hill side. On the other half put your small stones.

2. If you are doing this with over week before Easter you could always plant some grass or cress seeds in the soil and watch them grown. If like us you don't have that long find some moss that is growing on a wall and peel it off to cover the soil area. We also dug up some pansies that were growing between some paving stones in the garden to add some colour to our garden.

3. With your sticks use them to make three crosses and secure them with bits of string. Stick them into the top of the "hill", if you have one cross that is bigger than the others, place it in the centre of the three crosses to represent the cross which Jesus was crucified on. There may be other things that you can collect that would look good in your garden

4. Finally with the piece of white cloth, fold it up and put it in the tomb and place the large stone in front of the entrance to the tomb. On Easter Sunday roll the stone away to show that Jesus has risen.

Do take a picture if you can, we now have a page where we can share our arts and crafts together.

Ask your parent or carer to upload it to the Union Baptist Hope Street parents group.
