

Instructions

Cut out a circle approx. 21cm diameter (To fit the size of an A4 sheet of paper).

Fold once to create a $\frac{1}{2}$

Fold a second time to create a $\frac{1}{4}$

Fold a third time to create $\frac{1}{8}$

The pie slice shows what you need to draw (or you could cut out and trace around) on the top of your folded circle.

Carefully cut around the figures – making sure they are holding hands.

Gently unfold the figures and you should have 8 figures in a circle holding hands.

You can choose to write on the figures one word on each figure –

JESUS LOVES THE CHILDREN AND JESUS LOVE ME
