

## Digging deeper into this week's story

5 simple ways you can help your child to take a closer look at this week's lesson: Adam & Eve (Genesis 1:26 -3:24)

### On a walk:

How many flowers can you spot on your walk? You can download a plant spotter sheet to find out their names by going to:

<https://www.plantlife.org.uk/uk/discover-wild-plants-nature/spotter-sheets>

Who made all these beautiful flowers?

### At Lunch time:

Here are some discussion starters:

- What was the one thing God asked Adam and Eve not to do?
- Why did Adam and Eve eat the fruit?
- What did God do to fix our relationship with him?

### Hanging out:

Make this week's lesson real with a family game of hide the snake! Take it in turns to hide some toy snakes or other creepy crawlies around your house or garden. Then challenge the rest of the family to find the toys. Who can find the most? When you've finished playing, talk about why Adam and Eve hid from God.

### Sing:

Listen to some songs about creation: *Adam and Eve and that forbidden tree*

[https://www.youtube.com/watch?v=qM6u\\_hHmezE](https://www.youtube.com/watch?v=qM6u_hHmezE) Rend Collective *King of me*

<https://www.youtube.com/watch?v=ks6zl2hL2Uk>

**At Bedtime:** Take a photo of someone in your family. Now look at the photo, is that photo actually that person? Of course it's not! The image on the screen of your phone can't speak or think but it does show a lot about the person and what they are like. In the same way, we are created in the "image of God." We are not God, but created to be like Him and reflect what He is like.

God created us in His image to be perfect, but just like a computer can "warp" or change an image until you can't recognize the person in the photo, so sin warped the image of God in us.

God, however, sent His perfect image, Jesus Christ, to restore God's image in us as we accept Him as our Saviour and Lord.
