

# Thinking it through

What can you see, if you go for walk see how tall the trees around you are, some may be small, but others might be very tall, like King Nebuchadnezzar's statue. It was Ninety feet tall, that's very tall, and so King Nebuchadnezzar thought he was important.

The King thought his statue was more important than God.

He wanted all of the people to say how good his statue was and to worship the statue.

Are there things that we think of as being more important than God? It might be a hobby that we have, sport that we're involved with or something we have that we think of as important.

Meshach, Shadrach and Abednego knew how important it was, to only worship God. They were sure of God's plan for them even if he didn't save them.

How can we be sure of God's plan for us?

Some songs to help you praise God and think about trusting Him.

Trusting God for Shadrach, Meshach and Abednego was difficult; they still went into the furnace.

But because of their obedience others learnt about the one true God.
