

Playdough recipe – Being creative

1 cup flour

½ cup salt

1 cup boiling water and colouring

1 tbsp cooking oil

2 tsp cream of tartar

Put all the dry ingredients in a large mixing bowl. Add the oil, boiling water and food colouring. Stir hard until it is all combined into a soft dough.

N.B best to make one batch of same colour as difficult to add colour at the end.

Store in an air-tight container. Lasts for weeks!

With the playdough what will you choose to create, maybe a model of something you know, or maybe you will make up something entirely new.
