

Thinking it through

Acts 4:32-5:11

Those in the early church shared everything. But Ananias and Sapphira lied to Peter to appear more generous than they were

There were no people in need in the church, why was this?
How easy is it to share?

Was it wrong for Ananias to keep some money?
What should they have done?

It may be difficult to know what the needs are for others in the church, but the adults who care for you might know.
How might you be able to help as part of the church community?
Perhaps a letter or picture for somebody who is on their own?

God loves to hear our voices, whether in prayer or praise.

Everybody's welcome
