

Thinking it through

God rescues and restores those who truly repent and come to him through Jesus.

Samuel taught the Israelites what this would involve: getting rid of their false gods and turning back to love and serve God. What false God' might we have today, what do we see as more important than God.

What does repentance mean? What does true repentance look like? How is this different to just regret/feeling sorry? Is repentance something we do only once when we trust in Jesus? Why/why not? Does your life show continued repentance? Does God always give us victory in this life? What does he promise to those who truly repent?
