

Pam Robinson

Community Development Manager, St Matthew's Church, Edgeley

I have had a varied career, building up a wide range of skills during my 25 year career in the Civil Service, including managing projects, leading teams, working with customers and introducing new and innovative ways of working. I also ran a successful weight loss class for several years and set up a youth group for teenagers with disabilities.

After several years as a volunteer at St Matthew's Church, I am now employed as a full-time Community Development Manager, helping to develop partnerships across the local area to help reduce social isolation and build up a variety of community groups. I am passionate about helping local people live their lives to the full.

I am a committed Christian and worship at St Matthew's Church, Grenville Street, Edgeley. I am a member of the Chester Diocese Signing Team. I am also Chair of Trustees at the Cheadle Heath Community Centre.

My role as Trustee at Olive ROC Centre includes managing the promotion of the centre through our website, Facebook page and event from the local area through our on-screen advertising.

I am happily married with two grown-up children, along with two cats and a rabbit!
