

## Returning to School - Parent Information – Updated 15<sup>th</sup> January 2021

Critical Worker Provision	<p><b>The guidance now states that if you are able to keep your child at home then you should.</b></p> <p>This is emergency provision for the times that you are not able to care for your child at home because of your critical work. It continues to be important that we have as few children and members of staff on site as possible to minimise the person to person contact.</p> <ul style="list-style-type: none"><li>• Please book ahead (preferably 24 hours notice) via email</li><li>• Let us know if you will need to use breakfast club</li><li>• Let us know if you require a school dinner, thank you</li></ul> <p>Please understand that if your child is in school they may not necessarily be with their own class teacher. We will be operating in one mixed bubble. Children will be accessing the same remote education as children working from home as duty staff will still need to be managing the remote education for the rest of the school.</p>
Curriculum and Remote Education  UPDATED**	<p>All children will now be accessing their learning from Google Classroom. All passwords and log ins have been shared.</p> <p>Please get in touch if you do not have sufficient devices or internet to enable this to happen.</p> <p>Please contact your classteacher in the first instance: <a href="mailto:arose@danby.n-yorks.sch.uk">arose@danby.n-yorks.sch.uk</a> <a href="mailto:f.motteu@danby.n-yorks.sch.uk">f.motteu@danby.n-yorks.sch.uk</a></p> <p>Please ensure that your child is submitting their work daily. Work can also be submitted by email to the classteacher if it has not been completed on classroom.</p>
Transport to school	<p>Parents are advised to bring their children to school privately i.e. no car sharing etc.</p>
Drop off and Pick up  UPDATED**	<p>Normal Pick up and Drop off times resume. (Exception EYFS specific times to be allocated)</p> <p>Please drop off between 8.45am and 9am. Juniors should enter through the back classroom door. Infants to enter using the infant outdoor area from the playground.</p> <p>Pick up time 3.30pm. Junior pick up at the side playground gate. Infant pick up at the normal playground gate. Please allow us space to exit the gate.</p> <p>Please do maintain social distancing at the gate/or wait in your vehicle and wait for your child/ren to be safely passed to you. Only one adult per family should be present to limit the number of adults collecting</p> <p><b>**Adults are asked to wear masks at these times.</b></p>

Entry to school for adults	<p>Please do not enter the school building.</p> <p>However, if entry is necessary please use the front door and remain in the inner hallway. You will be asked to sanitise your hands. Entry to the rest of the school building will not be permitted.</p> <p>Please do not allow siblings of children in school on to school premises</p>
Entry to school for children	<p>A member of staff will supervise entry to school at the gate as normal and direct children to the appropriate entry door for their bubble.</p> <p>A further member of staff will supervise entry to school at the entry door and ensure that all children wash their hands on arrival.</p>
Book bags and transfer of items to and from school	<p>Please do send your child to school with:</p> <p>Sports kit</p> <p>Book bag</p> <p>Coat</p> <p>Healthy snack and drink for playtime</p> <p>Please do not allow your child to bring other items in from school at this current time. This includes Y6 pencil cases, show and tell items etc.</p> <p>It is possible for some items to be brought in ahead of time and quarantined for 72 hours prior to use/distribution. If you are uncertain about what can be brought into school by the children, please do ring to discuss.</p>
Uniform	<p>Please do send your child back to school in full school uniform.</p> <p>As the weather turns colder this is making it a little chilly in our rooms. Please do make sure that your child has their school jumper. At this time, we are also happy if your child wishes to wear a further layer or two over their uniform in the form of an extra fleece, jumper or hoody. We do not expect these to be in line with the school uniform policy, however, we do expect them to wear their school uniform as normal and for these items to be additional if needed.</p>
Drinking bottles and equipment	<p>Children will be allocated their own chair, desk and equipment which will be for their sole use. This equipment will be cleaned at the end of every day.</p> <p>Their desk will be forward facing in line with government guidance.</p>
Handwashing and hygiene	<p>We have set up additional handwashing stations in each classroom and hand sanitiser, tissues and lidded bins are also available. Hand washing will be frequent throughout the day.</p> <p>Please do ensure that your child knows about frequent handwashing, safe sneezing and coughing and safe disposal of tissues</p> <p>We are using a mild moisturising handwash and we have approximately three additional hand washes through the day on top of the children's usual toilet and lunchtime handwashing routine - depending on activities. We have talked to the children about the importance of rinsing the soap off properly and drying their hands properly to prevent sore hands. We will be reinforcing the importance of doing this in school but would appreciate it if you could also have that conversation with your child. Thank you.</p> <p>We have been advised by our NYCC Health and Safety advisor that children should not bring their own hand sanitiser or liquids into school. Hand sanitiser is not used</p>

	<p>by the children in school unless we are in a circumstance such as Forest School, where we have no access to soap and water. It is also a requirement that we hold the COSHH safety data sheet for every different liquid in school.</p> <p>If your child is having significant issues due to a skin condition, please complete the Medication Form from our website to allow us to administer any necessary medication. The form can be found <a href="#">HERE</a>.</p>
If your child becomes ill	<p>If your child is taken poorly during the day, they will be isolated upstairs with a member of staff and you will be contacted to collect them immediately.</p> <p>We have designated Upstairs as a 'safe zone' and therefore other children will not be using the upper rooms until further notice.</p> <p>Staff have access to full PPE should they require it in the isolation room.</p>
Snacks and School Dinners	<p>Children may bring their own healthy snack and drink for playtime, please ensure that they know they are not able to share their drink and snack, we will be reinforcing this in school.</p> <p>School dinners will continue to be provided by Jen.</p>
Medication – inhalers etc.	<p>Please do ensure that your child returns to school with their named inhaler.</p> <p>If your child requires other medication when returning to school. Please complete the form from our school website and hand in with the medication via the front door or the member of staff on gate duty. Please do not send medicines with your child. The form can be found <a href="#">HERE</a>.</p> <p>It is important that we have an inhaler in school for any child who suffers from Asthma even if you feel that they do not usually need it. Please send a named inhaler into school. Thank you.</p>
Sun protection	<p>Please do ensure your child is fully protected with a long lasting 8 hour sun protection cream and brings their hat and a cover all should the weather be hot.</p>
Breakfast Club	<p>Breakfast club is now available. Please book in advance if possible. Thank you.</p>
Outdoor Learning	<p>Please do send your child with a coat and suitable outdoor footwear such as trainers. In line with guidance we will try to adapt to outdoor learning when possible</p>
Clothing	<p>Guidance states that normal laundry procedures are sufficient at the end of every day.</p>
Family circumstances	<p>Please do let us know if family circumstances have changed recently or if a friend or family member has experienced illness or bereavement. We can then be sensitive in our approach to some of our return to school lessons and activities</p>
Illness	<p>If your child is showing any symptoms of illness particularly symptoms of Covid-19, please follow the government guidance.</p> <p><b>**Please do ring the school to discuss your child's absence and whether they are able to attend before bringing them to schools. Please always err on the side of caution.</b></p>
Face Coverings	<p>Children in Primary Schools are not required to wear a face covering.</p> <p>Occasionally, children may see visitors to the school and staff members wearing face masks.</p>
UPDATED**	

	<p>Face masks will be worn by school staff when not in the classroom/play areas e.g. at the school gate</p>
<p>Measures that we have taken in school</p>	<ul style="list-style-type: none"> <li>➤ Whilst our school is likely to be considered as one ‘bubble’ by the Health Protection Agency due to its small size, we will be working in two class based groups, Infants (including EYFS) and Juniors.</li> <li>➤ The groups will be kept separate as much as is reasonably possible during the day having separate Collective Worship, playtimes and lunch time. They will enter and exit the school using different doors</li> <li>➤ Implement regular hand washing of 20 secs minimum using soap and water. Children will all wash their hands when entering the building at the start of the day, before and after food, and after using the toilet in addition to other timetabled slots throughout the day. Children may also be asked to use hand sanitiser (supervised) regularly throughout the day.</li> <li>➤ Stringent cleaning protocols will be adhered to following the latest government guidance; wiping down surfaces, door handles, light switches etc. at the end of each day.</li> <li>➤ Desks have been reorganised to be forward facing.</li> <li>➤ Clearing surfaces in classrooms to reduce the amount of equipment that could potentially become contaminated.</li> <li>➤ Ensuring plentiful supplies of tissues are at hand in every class and encouraging children to use the ‘catch it, bin it, kill it’ approach and using lidded bins for disposal of tissues</li> <li>➤ Ensuring areas are well ventilated by opening windows.</li> <li>➤ Reducing the amount of shared equipment used in school and that which is shared between home and school to avoid transmission e.g. laptops will all be wiped with anti-bac wipes between users, children will each have their own learning pack with basic equipment for personal use such as pencils, pens, whiteboards etc.</li> <li>➤</li> </ul>
<p>If there is a confirmed case of coronavirus in our school</p>	<p>Parents will be informed at the earliest opportunity.</p> <p>As a school we have a number of steps we have to take and our actions will be guided by the advice and support given to us by Public Health England, the DfE and NYCC.</p> <p>Please ensure that if you are notified by the school, or Test and Trace , you follow the appropriate guidance issued to you for everyone’s safety. Thank you.</p>
