The information below has not changed but is still relevant.

Covid-19 current rules on self isolation

Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:

- they are fully vaccinated
- they are below the age of 18 years and 6 months
- they have taken part in or are currently part of an approved COVID-19 vaccine trial
- they are not able to get vaccinated for medical reasons

Instead NHS Test and Trace will make contact and advise that a PCR test is taken.

Therefore, children are allowed to come to school even if someone in their household has tested positive but only if they have no symptoms themselves.

Pupils, staff and other adults must not come into the school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine).
