

BRADFORD CATHEDRAL

A Visitor's Guide

Bradford Cathedral is a very special Christian place of worship, but it is also a place that welcomes people of all religions and none.

Lots of children and young people come to the Cathedral to learn about Christianity and the history and heritage of the oldest building in the centre of Bradford.

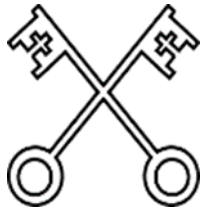

The Education Team need a guide book that will help our younger visitors to find out more about the Cathedral and the main features (important things), that they will see when they visit here. Can you help?
