## Building Friendships through faith, leading men to Jesus

### Why Men's Ministry?

Believing men are leaving the church. Why? Because church is thought to be: *for wimps, for women, irrelevant and repulsive.*

We need to challenge this and look at how we minister to Men.

Amazing statistics:

If you lead a child to Christ 3% of families follow

If you lead a Mother to Christ 17% of families follow

If you lead a Father to Christ 93% of families follow

Evangelism to men needs to be long term, persistent, based on solid friendships and made a priority.

We have launched our Men's Group at Holy Trinity to feed the men we have now, to reach out to men on the outskirts of faith and to those with no faith.
