

## Make a pair of flip flops

For your journey to Emmaus

To make your flip flops you will need

Strong cardboard

A piece of wide ribbon or something similar

Hole punch , Scissors and pens

Draw outline of your feet onto the cardboard and cut out the shapes separately so you have one for each foot. Write on each base 'Walk with Jesus!' and then colour in if you like

Make 3 holes, 1 at each side and 1 at the top

Thread through the ribbon to make your flip flop

Now go for a journey

They may not last long but they easy to make and are good fun!!
