CORONA VIRUS

In addition to other public health advice, the following has
advice has been given for churches: Churches *should*
already be following best-hygiene practices that include
advising parishioners with coughs and sneezes to refrain
from handshaking during The Peace and to receive
Communion in one kind only. At present, there is no
Government advice that suggests the use of the Common
Cup should be suspended. It is also best practice for
churches to have hand-sanitisers available for parishioners
to use. In addition, priests presiding at the Eucharist,
communion administrators and servers should wash their
hands, preferably with an alcohol-based (minimum 60%)
hand-sanitizer.
