

PROS AND CONS OF FAIR TRADE.

PROS

CONS

There is an excellent wage system in place.

Community benefits extend to more than just basic needs.

Discrimination is not allowed.

Child labor can be reduced.

Social conditions can dramatically improve.

It allows small business owners to become internationally competitive.

Organic techniques are often used to create Fair Trade products.

Producers are assured a minimum price no matter what happens.

Multiple products are available.

There are natural limits to the success that can be achieved.

There are very high fees associated with this model.

There is a limited customer base around the world.

The amount of product choice is greatly reduced.

Administration costs don't go to the suppliers.

There is little accountability enforced on producers.

Big buyers aren't generally attracted to the Fair Trade model.

The standards of community development have lapsed over the years.

There is no drive to create better efficiencies.

Flower

As we move into the summer we will be having a mixture of real and silk flowers in the arrangements... Please if there's a special date you want to remember loved ones, please sign the list in the Pennine way. Thank you Sandra

Midland Air Ambulance

I am looking for sponsorship for walking 6 miles for the Midlands Air Ambulance. Any help would be greatly appreciated. John Corke

Intercessions

At recent Pastoral and Worship Meeting it was decided that we would invite members of the congregation to lead the intercessions.

if you would like to be involved please have a word with Roger. Full training and resources will be given.
