## Home Learning ...

- This will be set from Thursday 16<sup>th</sup> September. Please complete challenges in the order they have been set, and submit them on Purple Mash or Mathletics by the date specified. Teachers will only be giving feedback on the challenge set for that particular week. We hope that you will encourage and support your children to complete these tasks. Not submitting a challenge will mean that your child does not earn all of their Golden Time on a Friday.
- There is a strong emphasis on times tables in Year 3. We encourage children to focus on learning these at home as well as school as it is essential that they are able to recall these quickly. Times Table Rock Stars is a great resource to use at home for this.

## Reading...

Reading is one of the most important things you can do with your child and this should be done daily. Children will have a set day to read to the class teacher each week, which will be a paper based book, please ensure contact books come in daily. Children will work towards a reward at the end of the term for regular reading.
