“I died... and lived to tell the tale”

Ian McCormack was night diving off the island of Mauritius when he was stung multiple times by Box Jellyfish, which are among the most venomous creatures in the world.

His testimony relates how he clung to life while getting to hospital, was declared clinically dead soon afterwards, and how during this time he had an encounter with God, which radically changed the direction of his life.

come along to one of his meetings to hear the story first hand.
