

Template and instructions for **Story choosers**

- 1 Write the words in the empty spaces of your chooser before folding it up.
- 2 Cut along the bold outline.
- 3 Turn the paper to the blank side and fold the corners into the middle along the solid lines.
- 4 Turn the paper over and repeat along the dotted lines.
- 5 Fold in half.
- 6 Gently put your fingers inside the flaps with the words on.
- 7 Invite someone to choose a word first. Open and close your 'chooser' for the number of letters in the word. Then get them to choose a number; open and close that number of times. Choose a new number. Then open and read what you've written in that space. Repeat again for other readings. Talk about the different ways to help others. Pray that God will help us to help others.
