

Photography & Filming | Privacy Notice

This privacy notice is provided to explain what to expect when we collect and process your personal information in relation to photography and/or filming and streaming of church services in accordance with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

1. The data controller is Linda Callan: dataprotection@christchurchbaptist.org.uk
2. Personal information is collected for purposes of:
 - Recording and uploading, or live-streaming services from our church, online, in order to reach out to those who are unable to attend in person, or who wish to participate in our services remotely.
3. The categories of personal data we collect are:
 - Image: we may capture your image whilst filming the church service albeit every effort will be made to avoid capturing any recognisable image without prior consent.

We also process “special categories” of information that may include:

- Religious belief: by taking part in the service this may indicate religious belief.
- Archiving: certain services may be retained permanently for historic purposes.

4. We collect and use personal data using assumed consent and, on occasions, explicit (written) consent.

By attending our services and positioning yourself within view of our camera(s), you are consenting to us using your data for the purposes set out above.

You may withhold your consent by sitting in a “camera blindspot” of the church before filming or photography starts. Such areas can be identified in consultation with our Stewards, staff and technicians.

In the filming areas, (primarily the stage area), once live-streaming or filming has started, or group photographs have been taken, consent cannot be withdrawn because your data can’t necessarily be immediately or permanently removed from the internet, nor can a group video or photograph necessarily be edited to remove your image.

5. We will be sharing photographs and recorded or live-streamed services with the public, by uploading it to social media and other internet sites, such as Zoom, Facebook, Twitter, etc.
6. This means your data may be stored outside the UK. Each platform has its own privacy policy which describes how your data is used and protected.

7. We will keep your data for up to 3 years, except for certain special services, which may be retained permanently for archival purposes.

8. You have the following rights regarding your personal data:

- **Your right of access:** you have the right to ask us for copies of your personal information.
- **Your right to withdraw consent:** you have the right to withdraw your consent as described in section 4 above.
- **Your right to rectification:** you have the right to ask us to rectify personal information you think is inaccurate. You also have the right to ask us to complete information you think is incomplete.
- **Your right to request erasure:** you have the right to ask us to erase your personal information in certain circumstances.
- **Your right to restriction of processing:** you have the right to ask us to restrict the processing of your personal information in certain circumstances.

Please note: the rights to withdraw consent, or request erasure or restrict processing are limited: i.e. once the data is uploaded online, we are not necessarily able to erase or restrict the processing of individual images. In addition, the right to rectification only applies to the processing of your name and contact details, it cannot necessarily apply to your image captured on film.

You are not required to pay any charge for exercising your rights. If you make a request, we have one month to respond to you. You can exercise your rights by contacting us at the contact details below.

9. If you have any complaints or queries regarding this processing activity or wish to exercise your rights, please contact our Data Protection Officer by emailing: dataprotection@christchurchbaptist.org.uk or by phoning the church office on: 01202 487442.

You have the right to make a complaint at any time to the Information Commissioner on 0303 123 1113 (local rate), or online at: <https://ico.org.uk/make-a-complaint/your-personal-information-concerns/>
