COMMITMENT TO COMMUNITY

Chapters 3-5

DISCUSSION GROUP

Life as a community of God's people can be challenging. This year, when physical gatherings of the whole community have not been possible, consider together [spend about 5 minutes on each question]:

- What have you missed most about meeting together as a community of believers?
- What new initiatives have been encouraged and supported community life at SBC?
- What truths about God's purposes for Christian community do you need to remind each other about?
- Think of 1 person in your local community that needs to be encouraged back into community. What 1 thing can you do to help them?

Take time to pray for those who are finding new COVID-19 measures particularly difficult.
