

## 30.04.20 RE for Fir Class

Hello everyone

I hope you are all ok and staying safe.

Now that you have got started on your work for this term, I thought I'd see what RE work you could look at if you are able to for this half term. I've tried to make the work a little more practical, so not too much writing.

You would have been thinking about Creation again this term, which I know some of you may remember from last year if you were in Fir last year.

Christians believe that God created the world. Follow this link on BBC Bitesize for a fresh way to look at this story from the Bible.

<https://www.bbc.co.uk/bitesize/clips/z62hyrd>

This time I would like you to focus on what is special in our world.

### **Activities**

1. Think of things that are special to you. Tell someone in your family about them.

Can you draw someone or something that is really special to you?

2. Think about what is exciting and special in our world. Can you find some pictures of lovely things in our world from magazines and create a collage? Alternatively, you could draw some.
3. Ask a grown-up at home about why they think it is important to look after our world.
4. Go outside in your garden or take a walk with a grown-up. Draw and label something lovely that you can see, hear, smell, touch and feel.

### **Extension (only if you would like to do this and have the time)**

Write a simple poem using the planning framework below to help you.

I can see red...  
I can see green...  
I can see blue...  
I can see yellow...

With best wishes  
Mrs Budd
