Who We Are

A bit more about us

GCAT is a community interest company, which means that we exist solely for the interests of the community.

It is a new type of company introduced by the UK government in 2005, designed for social enterprises that want to use their profits and assets for the public good.

We are governed by *The Office of the Regulator of Community Interest Companies.*

We meet once a month, with occasional extraordinary meetings if there is a particular project we need to talk about.

Have an idea for a project? We would love to hear about it!

Whether you just have the beginning of an idea, or a fully costed plan, we would love you to tell us about it. We will help you get it off the ground and support you with making it work.
