## Autumn Fair 11th September.

Grateful thanks go to all those people who contributed in so many ways to an enjoyable, successful afternoon in the sunshine, when much to our amazement and delight we raised £2000. The afternoon started slowly, which was a little worrying, but then people arrived and seemed to enjoy browsing the many stalls. From the very start of talking about holding such an event there has been a real feeling of working together as a team. So much enthusiasm and on the Friday afternoon prior to the Fair there was a happy buzz around the church while we set up indoor stalls, carried and sorted so many boxes of goodies, while 'the boys' put up the bunting! Many, many thanks

Lynne and Alison.

Matthew has added, 'It was a truly spectacular effort from all involved and whilst the money raised is impressive the spirit of the event was more so; everyone was together in spirit and purpose, it was wonderful to see.'

## The Vicar's Letter:

People long for justice. Among millennials and younger generations, the longing to live in a fairer, more just society has never been stronger. Neither has the desire of people to play a part in pursuing justice, which gives way to the rather large question, 'How do we act justly?'

Injustice is rife in our society and we shouldn't, as Christians, overlook the injustice that surrounds us. This, by the way, is not a matter of opinion but of quantifiable, in fact, quantified, fact. Let me give you some examples from our recent pandemic experience:

- According to the Office for National Statistics, people living in areas of deprivation have seen COVID mortality rates at double those in less deprived areas.
- Black and ethnic minority individuals in the UK are also more likely to die from COVID than white British people.
- During the lockdowns over the past 19 months, children have witnessed more acts of domestic violence in the home. What is more, away from the stable support networks of school and friends, children have been further impacted by witnessing these acts.

I could go on. Of course, there are the good news stories of churches and communities rising to run social action and social justice projects, like Ringwood Coronavirus Action in our community. However, as Christians, we are part of God's solution to bring justice, mercy and hope to the world and must not overlook the above injustices; rather we must let them reshape our ministry of our Church in the coming months and years.

This started out in my head as a harvest article, because as this

magazine goes to print, we are getting ready to thank God for the harvest, his provision of food to nourish and sustain our lives. The bible is rich with such imagery: in the wilderness years of the exodus from Egypt, God rained down a harvest of manna to feed his people; in the Gospels,

workers are sent out into the harvest fields to bring in the crop. You might recall the workers in the vineyard (Matthew 20) going out to work at different times of day and receiving the same wage. Questions of justice abounded then too, where the perception of the workers who had grafted all day was one of injustice. Still, the vineyard owner, playing the part of God, explained that justice in this case revealed itself in generosity.

Elsewhere in the New Testament in the Acts of the Apostles (Acts 6), there is a perception of injustice from the Greek Jews (Hellenistic Jews) who either did, or perceived they did, receive less food than Jews natively from Jerusalem. Interestingly the Apostles are not concerned with proving the truth of the claims but concern themselves with the appointment of deacons to care for the needs of the whole community, Greeks and Hebrews alike.

Have I made my argument? God is concerned about promoting justice and challenging injustice. Issues of justice are never far from God's heart, neither ought they be from ours. This autumn terms see Ringwood Benefice launching two initiatives that support people wrestling with addiction and exploring what good mental health and well-being look like. On Tuesdays, St Peter & St Paul, Ringwood host the Recovery Course an ecumenical effort helping people leave addiction behind. On Thursday

evenings we are running Kintsugi Hope at Café Velo, a well-being programme giving people much needed space to explore their mental health and self-care.

Against the narrative that Christians should stay out of politics, it is clearer than ever, that Christians are called to be more outspoken than ever in highlighting injustice and challenging injustice through word and action when we meet it. As we emerge from the shock and trauma of the pandemic and are faced with a world attempting to discover its new normal, God is calling the Church to reshape itself as God's movement bringing light, hope and justice to a hurting world.

With every blessing, Matthew

### Fearfully and Wonderfully Made

Every person was once a sperm and an egg. Those two unique germ cells fused together, and in nine months they turned into a living, breathing,

human being. One of the most important stages of this process is when each section of the body, from head to rump, takes on its identity.

In this context, identity means what shape it takes, and which limbs or internal organs grow there: legs or arms, lungs or pancreas, and so on. The source of that physical identity is DNA: the networks of genes that are switched on or off in each segment of the body, making all the proteins that are needed to grow and develop in the right way. The master-genes that control the whole process are called homeobox, or Hox genes for short.

The most beautiful thing about the process of body patterning is the way it brings the dimensions of time and space together in such a tidy way. The Hox genes are organised into several clusters on the chromosomes, in the order in which they are needed during development and the order in which they appear on the body.

As the embryo develops, the cells near the head end activate the first genes in the Hox clusters. The cells just below the head then switch on the second genes in the cluster, and so on. A wave of gene activation passes down the embryo, specifying each section of the trunk in turn.

Danny Allison, © Lion Hudson IP Limited

Once a Hox gene is switched on it can stay switched on in the next few sections of cells, and it is the overlapping activity of the genes which gives each section of the body its proper identity.

The Wisconsin-based developmental biologist Jeff Hardin often quotes Psalm 139 to express the wonder of embryonic development. “For you created my inmost being; you knit me together in my mother’s womb...your works are wonderful, I know that full well. My frame was not hidden from you when I was made in the secret place, when I was woven together in the depths of the earth.” The story of the tidy Hox genes is very relevant to these verses, bringing out the hidden beauty in the process.

The more biologists get to find out about how we came to be born, the more we can say, “I am fearfully and wonderfully made”!

## Acting Churchwardens needed

- most of the work has been done for you. We are in a situation where we have no churchwarden and we thank Frankie, Alison and Lynne for continuing to support the ministry team but we need volunteers to go on a rota to manage minor duties at our services. Duties are not onerous-track and trace details, hand sanitising, handing out service sheets etc, showing people where to sit safely, clearing up afterwards etc. A key holder will be on duty as well, so you won't have to worry about access to the church. The altar will be set up by the key holder. Although subject to change, the services are expected to be every Sunday morning at 10am, and on the 2nd Sunday in the month, an 8am BCP HC. If anyone can help please let Frankie or Alison know if you want to go on the rota -contact Lisa and she will put you in touch.

## Ashley Heath W.I.

We had our first meeting in the big hall at Braeside on September 14th and a new time as well: 2.30 to 4.00pm. It was so nice to see so many members arrive plus two members back for a visit and, hopefully, re-joining soon. The Committee had made sure that all the chairs were 2 metres apart and windows open to make everyone as safe as possible. Elizabeth, our President, welcomed everyone back and it felt as if it was a new start for us all. We also had our VCO present to give advice on how to encourage members to join the Committee as a few will be leaving, having given many years enjoyable service, but feeling it was time to see new faces and new ideas. She did suggest, if necessary, the roles are shared if it would make things easier and also the retiring members would happily help out if needed.

Our Speaker for the afternoon was Denise Edwards, a Stunt lady, who told us so many stories of her life, including many dangerous stunts for some very famous people.

Apparently, Michael Caine decided he would happily have her fall onto him! Another stunt involved playing dead in cold sea with a bamboo tube nudging her to tell her to stop breathing for filming and a further nudge to breathe again - all in a days work. Her latest film work will be released in October, starring Diana Rigg, but she would like one more stunt role in 'Death in Paradise'! A very interesting talk supported by lots of photos of her various jobs over the years.

Everyone is welcome to our meetings and we have such a variety of speakers, who keep us entertained, and coffee or tea, where we catch up on news - at this meeting we had quite a lot of news that had passed us by over the last 18 months.

Our next meeting will be on Tuesday 12th October at 2.30pm in Braeside Hall.

Dee Briggs

## Ten:Ten #flourishing

Within our Diocese of Winchester, the 2021 Ten Ten #flourishing project is focused on developing spiritual wellness in our school communities. Our aim is that children and adults in our schools will learn, worship, pray and meditate in the great outdoors to support positive mental wellbeing for both pupils and staff.

This project draws on contemporary research that shows being involved with nature improves child and adult mental health. At the same time, it is a project that focuses on ancient Christian traditions when sacred places and practices were outside.

As part of this project, all diocesan schools are being encouraged to

apply for a FREE orchard tree pack or fruiting hedgerow pack.

Orchards for schools have been set up in partnership with the Daily Mail and pre-school settings attached to a church school may like to take advantage of the scheme.

Schools will receive a free pack containing five mixed fruit trees or 30 fruiting hedgerow samplings. Five trees or more constitutes an orchard!

### **THE NEW NORMAL: COVID 19 Precautions In Church**

These measures were agreed by the Vicar and PCC following the release of guidance from the Church of England. We will continue to err on the side of caution and to be mindful of the current increase in case numbers. The Vicar and PCC understand and respect that as of the 19th July, decisions on the wearing of face masks and social distancing are no longer requirements in law but determined by individuals. The provisions which follow are our best attempt based on HM Government and Church of England guidance to promote safe churches where people can pray, worship and take part in activities with confidence. All of these measures will be reviewed in the autumn.

☒ We will maintain social distancing in pews except for large services including weddings, baptism and funerals which will be assessed on an individual basis and steps taken based on the number of attendees expected and the capacity of the church. In this case individuals must then take personal responsibility for their own safety.

☒ We will provide cards for congregation members to place on the pew next to them, if they wish to do so, so that no one else sits there.

☒ We will encourage the use of face masks when moving about the church. These can be removed when seated.

☒ Singing in church is now allowed and we will do so, but ask people to still wear a mask if possible.

☒ Holy Communion will remain in one kind only until at least the autumn.

☒ Test & Trace forms and QR codes are now no longer compulsory. However, we will retain them and would appreciate cooperation to continue providing details from church attendees, but no one will be compelled.

☒ The Peace will remain non-contact as now. ☒ Cleaning will return to pre-pandemic levels.

## Mouse Makes

*"Come with me across the lake,"*

Jesus said to his disciples, so they got into a boat and set out. While they were sailing Jesus slept.

A big storm *blew* across the lake and the boat began to fill with water. They were in **great** danger.

The disciples went to Jesus and woke him.

They said, "*Master, mater, we are going to drown!*"

Jesus got up and gave a command to the wind and the waves, "*Be still, be calm.*"

The wind stopped and the lake became calm.

### Volunteer Befriending

**Scheme** is a FREE service introduced recently to help those in the community who would benefit from some help or some company, as and when needed. Clients will be visited to discuss their needs and try to match them with a volunteer, who may be needed on a regular or occasional basis.

All the volunteers are Police checked and have identification available for clients to see, if they so wish.

If you think you, your neighbour, your friends or a relative would benefit from either or both of these services, then please contact 07933 202112 to obtain further information.

Volunteer drivers and befrienders are always needed, so if you can help, then please see the advert opposite.

## Understanding Investments: : Pension Income Options at and during Retirement

Howard Goodship

Retirement, and the associated ceasing of the ability to earn an income, can be a scary thought and is certainly a huge decision. Understanding the effect of inflation on your income needs throughout retirement (at 3% inflation your expenditure will double over 24 years) and other significant capital requirements needs more than a “finger in the air” analysis. At Lonsdale Wealth Management, we utilize cash-flow planning tools to help clients understand whether retirement is affordable and just as importantly, sustainable. Once affordability has been identified, decisions on the most effective way to generate retirement income can be made. There are more choices than you might think!

Retirement Income is divided into secure income and flexible income. Secure income would include Defined Benefit Pension Schemes, the State Pension and Pension Annuities. Flexible income includes Pension Drawdown and income from capital and investments, with rental income classed between the two, as it is secure but can be subject to void periods.

You can currently access your defined contribution pension savings any time after age 55 although the minimum age is increasing to 57 in 2028 and will remain 10 years below state pension age thereafter. You have five broad choices and for each option, 25% of your pension savings can be paid tax-free:

### 1. Secure Income-Annuity

Exchange your pension savings for an annuity provided by an insurance company which is then guaranteed for the rest of your life (with options including a dependent’s annuity). Annuity income is subject to income tax.

### 2. Secure Income-Temporary Annuity

Little known but can be very attractive for those who want to retire early. Can provide a higher guaranteed income for a specific number of years (perhaps until other pensions such as the State Pension commence) to allow the balance of pension

funds to remain invested. Annuity income is subject to income tax.

### 3. Flexi-Access Drawdown

Take the income you need when you need it. The money remains invested and you draw a variable level of income for as long as your money lasts. Withdrawals are subject to income tax.

### 4. Cash Payment

Have all your savings paid as a cash lump sum, with 75% of the fund subject to income tax.

### 5. Leave it for now

There is no requirement to draw your savings from your pension and the fund can be passed down to a nominated beneficiary (and through different generations), often outside of your estate and therefore exempt from Inheritance Tax. The 25% tax free lump sum is lost if not taken during lifetime, but your funds can be paid tax-free on death before 75 (taxable on death after 75).

**As you can see, there is now significant choice available and pension savings are another tax advantageous wrapper to consider alongside other tax efficient products including ISAs. We are available for a free initial, no obligation chat to discuss and consider your personal situation, aiming to help achieve the most tax-efficient and sustainable outcome.**

# Bible Bite

## A short story from the Bible

It can be read in the Bible in  
Mark 6:17-28, Matthew 14:1-11

After Herod Antipator died, the Romans allowed his son Herod Antipas to rule Galilee and Perea. He was hated by the Jews

Herod Antipas divorced his wife and married his brother Herod-Philip's wife, Herodias.

John the Baptist told him he had broken Jewish law by marrying his brother's wife\*.

\*Lev 18:19, 20:21. She was also his niece.

Herodias hated John and wanted him dead. Herod was afraid of John and wouldn't kill him but put him in prison.

Herod liked to listen to John.

Finally, Herodias got her chance.

Herod had a big party for his birthday.

(Birthday parties were a new trend from Greece.)

He invited everyone important in Galilee.

Herodias sent her daughter to dance for Herod and his guests.

(No decent girl would do this.)

They were very entertained.

I will give you anything, even half my kingdom

(Which wasn't really his to give.)

Salome asked Herodias, then said

I want John's head on a plate.

Oh, no! But I made a promise in front of everyone!

So John was killed\* and Salome was given his head. She gave it to her mother.

## Understanding Modern Israel - a biblical perspective

By Julia Fisher, Lion, £9.99

To understand the complexity of modern Israel, you need to understand some biblical history. The Jews were called out of slavery to become the nation of Israel, a nation based on a unique covenant with God. But that covenant was broken time and again, and Israel has been exiled not once, not twice, but three times. Yet, each time the Jews have returned to re-inhabit their homeland. This is unique. How and why has this happened?

This book encourages an audience who thinks Israel is an irrelevant issue to think again, and to

appreciate what God has done and is doing through this small nation. This Bible is, after all, a Jewish book. Jesus was Jewish. Our destiny is tied up in both.
