

Contactless 'Top Tips' for Christmas

- **LIST** all the important events you need your device ready for including what they will be raising money for.
- **DECIDE** when you might need a customised app campaign e.g. the Christingle Service to raise money for 'The Children's Society', or any fundraising to support a cause in your parish this Christmas.
- **UTILSE** Canva (or the Generous Giving Team) to create bespoke campaigns. Templates are available to help you get started. Remember to create a matching thank you screen too.
- **UPLOAD** campaigns onto GiveALittle along with your suggested donation amounts. These may vary from event to event so take a moment to think what might work best.
- **NOMINATE** someone to be in charge of the device at each event to offer help to anyone who needs it. This person can also make sure the correct campaign is showing and that the device is charged.
- **SIGNPOST** people to your device with posters in entrances and exits as well as the areas where people tend to congregate or sit for refreshments.
- **TELL** people the church has a contactless device and remind everyone that the church depends entirely on the generosity of those who visit and worship in it.
