

## **Sunday 6th December**

### **Dear St Luke's**

I have had some feedback that these letters are so long that some are losing the will to carry on to the end! I have tried to shorten it. But please note the Bible Study attachment, which I recommend to all, even if you don't attend it on line, as a great exercise in preparing for Advent.

Also, as the weather gets cold, please do look out for neighbours, and everyone, to phone, and offer to help with shopping if you are fit and healthy to do so. Even a short call can make a huge difference of course.
