4. Answer the question

Carefully read the information on this page, and then select the appropriate answer.

If you don't know the answer, leave 'Not sure' selected.

Press the 'Submit' button

You can enter an optional note if you wish.

This will be added to your Safeguarding Action Plan.

5. The next steps

Depending on the answer to the above question, the light will now be green or amber.

All the other lights on your dashboard will also be amber. This is because there are questions to be answered, or actions to be completed.

The 'back' button in the top-right corner will take you back to the home page.

From here you can choose other topics, and then select other lights. Try to turn at least one light green.
