

WORSHIP FEEDBACK

Feedback is an important aspect of enabling Curate's to grow and develop well in their ministry. Please offer honest feedback, affirming the aspects that were positive and offering encouragement for development in the aspects that could have been better. Where you are making a constructive criticism it is helpful if you can indicate how significant you think the issue is (ie very, quite, not very)

You can type into the grey boxes against each question, and they will expand to fit your input.
