Leaders Letter

FROM PASTOR DAVID

Dear Church,

"We were hoping that it was he who would redeem Israel"

Luke 24:21

You can hear in these disciples' words as they walked on the road to Emmaus with Jesus that their disappointment at the Cross and had now turned to disappointment with life. There is a big difference between being disappointed at something that's happened and living in a state of disappointment.

I have a confession to make! All my life I have been a Millwall FC supporter simply because of the area in London I was born, and I have learned to live with disappointment. All too often my hopes are raised but then dashed again. Whenever it seems my team are doing well in the League or on a Cup run they end up losing! But like all loyal fans, I have learnt to move on to the next game. Similarly, we can't live in disappointment, we need to learn to deal with being disappointed and move on. Disappointment must be treated as an event because living in disappointment is like having a slow puncture in your soul. If you have a blow out on your car, you have to change the tyre immediately. But when you have a slow puncture you tend to live with it and keep an eye on it. It is the same with your soul, the heartache of disappointment can slowly deflate us and we have to work harder and harder to keep ourselves inflated, smiling on the outside whilst inside we have a slow leak. Maybe today you are living with disappointment in God, but fear not because Jesus has the puncture outfit and is ready to fix your soul, if you let Him. Jesus was with these disciples as they walked to Emmaus, but they didn't recognise him. Our Help is closer than many of us realise. Reach out to Him.

May God richly bless you

David
