

## Hearing God's call 2

At the end of this week, themed around calling, take time to reflect on your own, or with others.

- Think about your journey through life
- Think about where you have noticed God's call or God at work
- Think about who you are – who God made you to be, with your own personality and qualities
- Think about times of struggle or confusion and what or who has helped

"It takes time and intense prayer to discern the way forwards. I have noticed that whenever I have stepped out in faith and acted on a calling, someone, somewhere has said to me 'you were an answer to my prayers'."

Steph Packham

- Have you had any 'light bulb moments' this week when something particular has struck you?
- What have you learned about yourself and God?

"Scripture helped me to understand my calling."

George Beverly

"Pray and do what God is asking."

Elizabeth Shearcroft

### Something to try

Take some time to pray. Why not go around where you live and choose some objects to represent your story. Then lay each one down by a candle or on a cloth as you say a prayer or keep some silence. You may like to do this as a household or small group.

If you have found it helpful to reflect on Calling this week, you might like to take a look at the [Growing with God leaflet](#) which can be used for personal reflection or in a conversation.

Watch today's video **Hearing God's call 2**

"It was others who were the confirmation of my calling... It was going to take 20 years of struggle before I took the first steps to formally investigate vocation... Year after year there would be some prompt from God for me to reconsider his calling."

Matthew Street

### And what next?

After this week what is the one thing that you want to do next:

- To deepen your faith and sense of connection to God
- To live out your faith in your life

God calls... everyone, everywhere

DIOCESE OF  
**Bath & Wells**

Living the story. Telling the story.
