

THE CHURCH
OF ENGLAND

PUBLIC FACING WEBSITES

CHRISTENINGS

www.churchofenglandchristenings.org

A welcoming, one-stop website for parents, godparents and guests going to a christening, offering details about preparing for baptism, what happens at the service in a step-by-step guide, and continuing the journey of faith afterwards. The website includes our Light a Candle feature which encourages visitors to take a moment to pray for a child who has been, or will be, christened and then light a virtual candle, which they can then share on social media.

FUNERALS

www.churchofenglandfunerals.org

Providing supportive information for those organising or attending a Church of England funeral and coping with bereavement, this website also helps to raise awareness of all the choices available, and how the church is there for them, every step of the way. The site includes a section on how to plan for one's own funeral ahead of time, and why that's important. Visitors can find ideas for music and hymns and the step-by-step guide to the service helps people to know what to expect. The website includes a Light a Candle feature which encourages visitors to take a moment to pray for someone and then light a virtual candle, which they can then share on social media.

YOUR CHURCH WEDDING

www.yourchurchwedding.org

Updated in Autumn 2015, visitors to this site will find a new, up-to-the-minute design with an improved search facility, new ways to browse the site, an expanded ceremony planner and a new 'Walk through the wedding service' tool, which shows couples what happens in a Church of England wedding, step by step. The information on offer aims to inspire couples to choose a church wedding or blessing, and to give them the basic information they need before their first meeting with their vicar.

CHURCH FACING WEBSITES

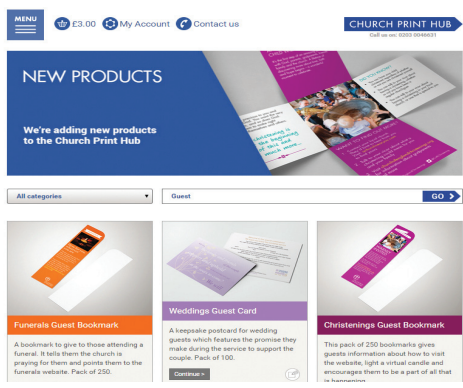

CHURCH SUPPORT HUB

www.churchsupporthub.org

The Church Support Hub provides the latest information and practical resources to support key opportunities for ministry and mission within the Church of England's occasional offices. This website explains how Church of England research has informed the production of new materials, now available on the Church Print Hub, enables clergy and other church colleagues to share ideas, thoughts and articles of interest, and provides a place to download related papers, ask questions and find answers. Your Ideas and Articles enhance the usefulness of this site - all submissions are welcome.

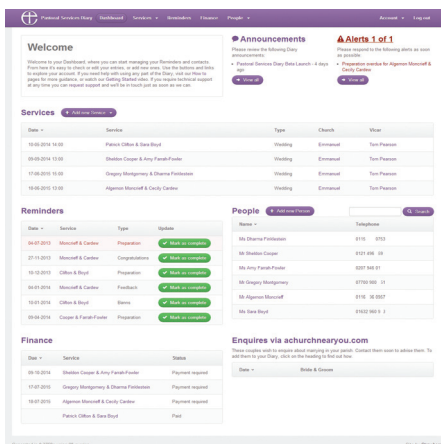

CHURCH PRINT HUB

www.churchprinthub.org

From the Church Print Hub you can purchase the Church of England's printed resources to support your ministry and mission within the occasional offices and other national initiatives. Many of the resources can be customised with your church's details using the online customisation tool. Browse, choose, customise and buy online and have your order delivered direct to your door.

PASTORAL SERVICES DIARY

www.pastoralservicesdiary.org

Built to support churches with the administration of their occasional offices, and to facilitate pastoral relationship and follow up, the Pastoral Services Diary allows the account holder to add unlimited churches, Users, ministers, and Services into their Account. Once a Service has been added, email reminders are sent at just the right time to the person you nominate. This prompts them to send invitation and/or anniversary cards, available from the Church Print Hub. Reminders and Services can be synchronized with your own electronic calendar, and Service printing options help speed up your day to day tasks, such as printing a Service in the format of a registry entry.
