# Exploring Your Faith and Calling

- During this time of lockdown, it will be more difficult for the Vocations Team to continue meeting with people and the May *It's Your Calling* is cancelled. For those wanting to register to begin Bishop's Certificate in September they would normally need to have attended *It's Your Calling* before doing so and will need to seek the permission of their incumbent.
- This document is to help people who want to explore any vocation, but especially those considering authorised or licensed lay ministry or ordained ministry. By using this material and keeping a record of what you have done, you will be able to start to think about what you enjoy doing and it will give you something to talk about with a Vocation Advisor when you do meet.
- The videos in the document can be found on the Church of England Website at <https://www.churchofengland.org/our-faith/our-faith-videos> or you can simply click on the document if you are reading it online.
