

School Governors needed!

We are looking for
Governors to join Governance Committees in our schools

The Governance Committee is focused on:

- **Vision, ethos and strategic direction**
- **Educational performance**
- **Safeguarding**
- **Local community**

Your role will be to work with the other governors, using your own professional or community expertise, to benefit the school and enhance the experience and opportunities for our pupils.

If you are interested, please contact

governance@magnalearningpartnership.org.uk

for further information.

As a believer that quality education sets children up for their future, I value my role as Governor in one of MLP's family of schools. As Chair, I now lead a Committee of volunteers, all bringing varied and valuable skills from their own workplace or life experiences. We offer support and challenge to school leadership, with pupil outcomes and pastoral support at the heart of everything we do. Supported by MLP Trust, our contribution makes a real difference - we meet six times a year and there is plenty of opportunity to develop skills in different areas of school improvement. We hope to hear from you!

Governance Committee Chair
