

Build a Nativity

Build the Nativity Scene as you play!

Print out the two sheets and cut out the pieces.

Laminating them will make them more durable.

Each person playing needs a set of pieces and a background board (blue or black would be best). You will also need a dice.

6	=	Stable
5	=	Animals
4	=	Shepherd or Angel
3	=	King
2	=	Mary or Joseph
1	=	Jesus and Manger

Each player takes it in turns to throw the dice but must throw a six first to get a stable.

Once the stable is in place the other items are added as the numbers thrown.

The winner is the first to complete the scene (as shown) by collecting all the pieces.

HAVE FUN!
