

SPROUGHTON C of E PRIMARY SCHOOL

Let your light shine - MATTHEW 5:16

Sproughton children have been shining brightly this summer term and have lots to celebrate despite a global pandemic. ✨

The school has remained open for our child care provision where creative opportunities have abounded; from gardening and painting to collage and making pasta picture frames (Amy Year 4, bottom left).

A flexible approach to home learning and a determined body of parents has paid off. The teachers have enjoyed celebrating children's home learning via our online learning platform, including some wonderful Klimt inspired art work (Keira Year 6, top left).

The return of Reception, Year 1 and Year 6 has brought back a sense of some normality to the school. Children have enjoyed Peruvian inspired textiles including weaving (Darcy Year 1, top right) and lots of science investigations! (Jacob Year 1, bottom right).

We wish our extraordinary Year 6 children, who have demonstrated positivity and resilience in the face of disappointment, the very best for secondary school and beyond (top centre).
