

Maths at the Movies

October 2022

In Year 1 the children created and measured a range of train tracks using non-standard measures. They were inspired by the clip from Wallace and Gromit.

In Year 3 the children watched a clip from Wallace and Gromit and then created and measured the distance of our own train tracks.

In Year 6 the children had a go at the Charlie and the Chocolate Factory challenge. They collaborated and made great use of the place value counters!
